

Dear Parent/Carer,

RE: Year 11 Project Potential – October Half-Term Intervention Programme

We are delighted to share the next exciting stage of Project Potential, with a programme of focused intervention sessions taking place during the October half-term.

As our Year 11 students continue preparing for their upcoming mock examinations and final GCSE assessments, we are committed to providing every opportunity for them to achieve their potential. These half-term sessions will provide valuable additional time to strengthen subject knowledge, develop examination techniques, improve coursework and build confidence.

This is a fantastic opportunity for students to receive focused support in the areas that will make the greatest difference to their progress.

Important information for parents and students

- **Clothing:** Students may attend in their own clothes. School uniform is not required.
- **Attendance:** Each intervention lasts two hours. Students who sign up must attend the **full two-hour session**, from the advertised start time until the finish. Students cannot choose to attend only part of a session or arrive and leave at times of their choosing.
- **Food and refreshments:** The school canteen will not be open. Students should bring their own water, snacks or other refreshments if required. Those attending more than one session on the same day should plan accordingly.
- **Punctuality:** Students are expected to arrive on time, ready to begin learning, and parents/carers should arrange appropriate transport or collection at the end of their scheduled sessions.
- **Commitment:** We ask students who register to make every effort to attend, participate fully and make the most of the additional support available.

How to sign up

To help us plan staffing and resources effectively, we ask parents/carers to register their child's attendance in advance and select the sessions they wish to attend.

Please complete the registration form using the link below or by scanning the QR code.

[Year 11 October Half Term Intervention – Fill out form](#)

If you have any questions about the sessions or which interventions may be most beneficial for your child, please contact the academy.

We are really looking forward to this next phase of Project Potential. Working together, we can help our Year 11 students build confidence, overcome barriers and take important steps towards achieving the results they are capable of.

Thank you, as always, for your continued support.

Yours sincerely,

Mr J Mannering
Assistant Headteacher- Achievement

YEAR 11 | OCTOBER 2026
